4. Preference Systems

Note: see also §33-4-103, C.R.S.

a. Landowner Preference:

1. Wildlife Conservation Landowner preference, as provided in §33-4-103(3), C.R.S., will be given to qualified applicants who apply using Landowner Application forms, provided that they qualify for and have previously registered for the Wildlife Conservation Landowner Program with the Division. Information regarding land ownership must be submitted on the application. Land ownership must be verified every 5 years, or if ownership or boundaries of the eligible property changes.
2. Landowner preference as provided in §33-4-103(1) and (2), C.R.S. will be given to qualifying landowners who apply using Landowner Application forms but have not registered for the Wildlife Conservation Landowner Program, provided there are licenses remaining within the 15% allocation after all applicants under §33-4-103(3), C.R.S. have drawn.
3. Landowner preference quotas in units with totally limited deer, elk and pronghorn licenses will be allocated for hunts by species, sex and season. Licenses not allocated to landowners shall be made available to the general public in the remaining drawings.
4. The transfer of any license voucher by a landowner must include permission, without restriction other than manner of access (foot, horseback, vehicular) restrictions reasonably necessary to prevent damage to property and without discrimination between hunters accessing the property, to access and hunt all lands registered under Section 33-4-103(3) or applied for under section 33-4-103(1) and (2) for which the license voucher was awarded for the entire season in question.
5. Landowner vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.
6. Landowners applying for leftover vouchers within the 15% allocation shall pay \$25 for each female (antlerless/doe) leftover choice and \$40 for each either-sex or male (antlered/buck) leftover choice. Unsuccessful applicants will receive a refund check.
7. Landowners who fail to comply with the provisions of 33-4-103, C.R.S., or any regulation implementing landowner preference may be disqualified from participation in any landowner preference program for up to five years.

b. Wildlife Conservation Landowner Pilot Program

1. This pilot program shall be in effect through the 2014 Big Game season and an annual evaluation shall be provided to the Commission by the Division. Such evaluation shall include, but shall not be limited to, an annual survey of participating landowners and hunters. Participating landowners shall be required to complete the annual survey and otherwise participate in the evaluation by the Division.
 - aa. Ranching for Wildlife properties shall not be eligible to participate in this pilot program.
 - bb. Landowners who are unsuccessful in drawing a voucher under this pilot program will acquire and carry preference points into the next year, which points shall be specific to the voucher (s) for which an application was submitted.
 - cc. Landowners who fail to comply with the provisions of 33-4-103, C.R.S., or any regulation implementing landowner preference, including this pilot program, shall be disqualified from further participation in the pilot program.
 - dd. Licenses available through this pilot program are not available for distribution through the general Wildlife Conservation Landowner Preference Program.
2. East of I-25, except in GMU 142, in addition to the 15% general landowner preference allocation, an additional 10 percent of the rifle quota for pronghorn in each GMU shall be made available to eligible landowners as "family-only" vouchers. Such family vouchers shall be either-sex or doe, shall be valid only on private land and shall only be available to immediate family members of the eligible landowner.
 - aa. For the purposes of this subsection, "immediate family" shall mean directly related family members, to include grandfather, grandmother, father, mother, husband, wife, brother, sister, son, daughter, grandson and granddaughter, including "step" and "in-law" relationships.
 - bb. A business association landowner shall only be eligible to receive family vouchers issued pursuant to this subsection if the business association has declared one individual and their immediate family eligible for the family vouchers on forms provided by the Division.
 - cc. A landowner must own a minimum of 960 acres to be eligible to receive family vouchers pursuant to this subsection. Landowners owning 960 – 4,999 acres are eligible to receive one family voucher under this subsection. Landowners owning 5,000 acres or more are eligible to receive two family vouchers under this subsection. State Trust Lands controlled or leased by a landowner shall not count toward the minimum ownership requirements of this subsection. Any portion of the additional 10% of the rifle quota not allocated to eligible landowners based on the above landownership requirement shall be made available to the general public.

3. Except as otherwise provided herein, in GMUs 1 and 10, in addition to the number of licenses established for each GMU, an additional ten either-sex elk licenses per GMU, of which five will be made available to eligible landowners as either-sex, private land only (ranch-specific) transferable vouchers valid during the early rifle season (October 1-11), and valid only for the private land submitted in the application for the voucher. Beginning in 2011, vouchers issued under this subsection for GMU 1 shall be valid throughout the entire GMU and may be redeemed for a license valid during any one of the following seasons: early rifle, archery, or muzzleloading, provided further that license holders must comply with all applicable season restrictions, including, but not limited to, applicable manner of take restrictions (Hunt Codes: EE001Y1R, EE001Y1A, EE001Y1M, or EE010Y1R). The remaining five licenses will be made available to the general public as either-sex licenses (Hunt Codes: EE001Y2R and EE010Y2R) valid GMU-wide during the first regular rifle season. Five antlerless licenses floating between the 3rd and 4th regular rifle seasons shall be made available to the general public for each either-sex private land only transferable voucher issued to a participating landowner (Hunt Codes: EF001Y2R, EF001Y3R, EF001Y4R, EF001Y5R, EF010Y3R, EF010Y4R).
- aa. A landowner must own a minimum of 640 acres to be eligible to receive a voucher pursuant to this subsection. State Trust Lands controlled or leased by a landowner shall not count toward the minimum ownership requirements of this subsection.
- bb. To be eligible under this subsection, landowners must have elk on their property for a significant period of time from the start of the regular archery season to the end of the 4th regular rifle season.
- cc. For each voucher received pursuant to this subsection a landowner must allow access to the property he controls to each of the five general public either-sex license holders and a minimum of five general public antlerless license holders. Access for general public antlerless hunting shall be provided during the 3rd and 4th regular rifle seasons, except that, beginning in 2011, access for general public antlerless hunting in GMU 1 shall be provided during the 2nd (EF001Y2R), 3rd and 4th regular rifle seasons, and during the late rifle season (EF001Y5R).
- dd. Except as otherwise agreed to in writing by the Division, landowners drawing any voucher pursuant to this subparagraph must provide for equality of access in terms of geographical area and mode of transportation for both private and public hunters holding a pilot program license. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters. Provided however, landowners drawing any voucher must allow public hunters reasonable access through their private land to public land.
- ee. Landowner vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection

shall invalidate the applicable landowner voucher and any license purchased with it.

- ff. For GMU 1 only, beginning in 2011, a pre-approved habitat project must be completed annually prior to submission of a landowner application under this program.
4. A unit managed for maximum hunter opportunity shall also be proposed for inclusion in the Wildlife Landowner Conservation Pilot Program. Such unit shall be investigated and a program developed for implementation during the 2007 big game hunting season. The primary objectives of this program shall include relieving pressure on public land by increasing public hunting access on private lands, discouraging harboring big game animals on private land and providing wildlife habitat on private lands through an incentive-based program.
 5. A pilot program, beginning in the 2002 hunting season, will be used to evaluate the issuance of additional applications and licenses. The pilot will be conducted and evaluated in six select DAU's, as follows, which provide the opportunity to evaluate a range of issues and problems that may arise:
 - aa. Elk: 2 DAU's (one quality and one non-quality)
 - bb. Deer: 2 DAU's (one east of I-25 and one quality DAU west of I-25)
 - cc. Pronghorn: 2 DAU's (one east and one west of I-25)
 6. The pilot will end and be evaluated at the close of the 2004 hunting season.
 7. As part of the pilot program, the Commission may provide additional applications within the 15% license allocation to landowners who provide valuable game habitat or habitat management, allow voluntary public access, or other factors to achieve game management objectives. The Commission may also provide additional licenses valid on private land or specifically approved intermingled lands only, over and above the 15% allocation. An increase will be recommended by the HEC if game management objectives for the species for which additional licenses are requested are not being met and if additional harvest of male or female animals on private land will facilitate achievement of game management objectives.
 8. Landowners seeking eligibility for additional applications must submit an annual habitat matrix for evaluation by the HEC. The matrix will be used to evaluate existing valuable habitat, habitat improvements for the benefit of game species, including game species other than those for which the licenses would be issued, assist in determining if and to whom additional applications will be supplied, and who will be eligible for licenses issued beyond the mandated 15%. The HEC will assist in the development of these habitat matrices, and provide recommendations to the commission or their designee.

9. In addition to the criteria in #3 and #4 above, the HEC may consider other criteria to achieve game management objectives including, but not limited to, goals for increased tolerance for larger game populations on private land and provision of increased or more diverse hunting opportunity, the granting of conservation or agricultural easements, the provision of hunting access for reduction of the female segment of the population, or reduction in game damage.
 10. Landowners who are granted additional applications will have the option to apply for preference points instead of a voucher.
 11. Vouchers for licenses remaining within the landowner allocations will be distributed to landowners in the same proportion as those issued according to acreage criteria. Ties will be reconciled using random draw numbers.
- c. Youth Preference - up to 15 percent of the number of the limited doe pronghorn licenses, either-sex and antlerless deer licenses and antlerless elk licenses established for each GMU shall be made available for purchase by qualified youth applicants. Licenses shall be available through application and computer selection from the Division headquarters, 6060 Broadway, Denver, CO 80216. Licenses not allocated to youth shall be made available to the general public in the remaining drawings.
1. Any eligible hunter, ages 12-17 is entitled to youth hunt preference for the regular rifle and private land only rifle seasons, for the license types listed above, except that public Ranching for Wildlife; muzzle-loading and Air Force Academy licenses shall not be included in this preference. The applicant must submit an individual application for the desired, eligible license on forms provided by the Division. Group applications will not be accepted for youth preference. Where more than one (1) hunt code choice is shown on the application, all hunt codes must be youth preference-eligible hunt codes.
- d. Youth Outreach Hunting Licenses – The Director may make additional youth outreach program deer, elk and pronghorn licenses available to qualified organizations sponsoring youth hunting activities.
1. Youth Outreach licenses will be available for private land only. There will be no more than 300 elk licenses (50 antlered or either-sex, 150 antlerless), no more than 200 deer licenses (50 antlered or either-sex, 150 antlerless) and no more than 200 pronghorn licenses (30 buck or either-sex, 170 doe) issued annually under this subsection.
 2. Licenses in game management units with at least one hunt code requiring 6 or more resident preference points to draw, excluding Ranching for Wildlife properties, will not be authorized for use under this subsection.
 3. Licenses are issued on a first come, first served basis to qualified organizations. No more than 10 licenses may be issued per event to any single requesting organization.
 4. Requested dates for hunting events must occur between August 15 and January 31 each year.

5. Organizations who wish to request a Youth Outreach license must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.
 6. Licenses are limited to youth hunters 12 to 17 years of age.
- e. Hunting Licenses for Hunters with Mobility Impairments - The Director may make certain deer, elk, and pronghorn licenses available to qualified hunters with mobility impairments.
1. Applicants for hunting licenses for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheel chair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment.
 2. Applications for antlerless deer and elk and doe pronghorn licenses for hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the Division, Limited License Office, 6060 Broadway, Denver, Colorado. Applications for antlered deer and elk and pronghorn buck licenses for hunters with mobility impairments shall be made on the form available from, and submitted with the applicable license fee to, the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons.
 3. Applications for hunting licenses for hunters with mobility impairments shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required if necessary to establish the applicant's eligibility for a hunting license for hunters with mobility impairments. For the 2001 seasons and thereafter, once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.
 4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in 250, 257, and 262 of these regulations. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.
 5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of

more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is greater, shall be issued as hunting licenses for hunters with mobility impairments for the species in question.

6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify as mobility-impaired in instances where an organization assisting hunters with mobility impairments has coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.
 7. Hunting licenses for hunters with mobility impairments will be valid only for the season dates and any units included in the authorized hunt code. Licenses for hunters with mobility impairments may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.
- f. Wounded Warrior Hunting Licenses - The Director may make certain deer, elk, and pronghorn licenses available to qualified participants in any United States Armed Services Wounded Warrior programs.
1. Applicants must be members of the United States Armed Forces, who are residents of, or stationed in, Colorado returning from post-September 11, 2001 overseas contingency operations who have been so severely injured during combat, including combat-related support activities, that they will require years of intense, ongoing care or assistance. Additionally, applicants must be members of a United States Armed Services Wounded Warrior program, as defined in 33-4-102(1.9) C.R.S., and must be assigned to a military medical treatment facility at the time of application for this program.
 2. Applications shall contain a statement from a licensed medical doctor certifying the applicant's eligibility under the criteria in 1 above. Additional documentation may be required if necessary to establish the applicant's eligibility under this program.
 3. Applications for antlerless deer and elk and doe pronghorn licenses shall be made on the form available from the Division, Limited License Office, 6060 Broadway, Denver, Colorado. Applications for antlered deer and elk and pronghorn buck licenses shall be made on the form available from the applicable Division regional service center. Hunters may apply from the Monday after the May Commission meeting through the last day of the rifle seasons. Licenses issued under this program shall be issued as free licenses.
 4. Antlerless deer and elk and doe pronghorn licenses will be available in all game management units with a total allocation of more than 100 antlerless deer or 100 antlerless elk or 50 doe pronghorn during the rifle seasons described in 250, 257, and 262 of these regulations. Licenses issued for military installations will be exempted from these minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional

Manager. For any one game management unit no more than 10 licenses or 2 percent of the total number of limited antlerless deer or elk or doe pronghorn licenses for the game management unit, whichever number is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.

5. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be private land only licenses and will be available for hunt codes requiring four or fewer resident preference points to draw in the previous year in all game management units with a total allocation of more than 100 antlered or either-sex deer, 100 antlered or either-sex elk, or 50 buck pronghorn during the rifle seasons described in #250, #257 and #262 of these regulations. Licenses issued for military installations will be exempted from these preference point and minimum license requirements. Wounded Warrior licenses issued for military installation property will be approved by the applicable Regional Manager. For any one game management unit no more than 5 licenses or 2 percent of the total number of limited antlered, either-sex or buck licenses for the game management unit, whichever is greater, shall be issued as Wounded Warrior hunting licenses for the species in question.
 6. Antlered or either-sex licenses for deer or elk and buck pronghorn licenses will be approved by the applicable Regional Manager on a case-by-case basis for hunters who qualify under this program in instances where an organization assisting Wounded Warrior hunters has coordinated a hunting opportunity specifically for this program and where all other avenues of obtaining a license have been exhausted.
 7. Wounded Warrior hunting licenses will be valid only for the season dates and any units included in the authorized hunt code. Wounded Warrior hunting licenses may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.
- g. Dream Hunt Hunting Licenses – The Director may make available additional deer, elk, pronghorn, mountain lion and black bear licenses to individuals qualified under this subsection.
1. Applicants for Dream Hunt licenses must be between the ages of 12 and 21, and must have a terminal illness or a life-threatening disease or injury.
 2. A request for a Dream Hunt license must be made, in writing, by a sponsoring organization, documenting the individual's life-threatening or terminal condition, desired, hunt experience, desired location, time frame and logistical considerations. Requests should be sent to the Division of Parks and Wildlife, Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216.
 3. Requested dates for hunting events must occur between August 15 and January 31 each year, with preferred dates occurring during an existing season for the requested species. However, alternate dates may be approved by the Director on a case-by-case basis as an applicant's condition requires.

4. Written landowner permission must be obtained prior to issuance of a license under this subsection if the individual will be hunting on private land.
 5. Except on private land, licenses in game management units with at least one hunt code requiring 10 or more resident preference points to draw, excluding Ranching for Wildlife properties, will not be authorized for use under this subsection.
- h. Preference Points and Chances
1. Preference will be given for qualifying applications for first choice hunt codes only and shall be subject to the following provisions:
 - aa. Deer, Elk, Pronghorn, and Bear: one preference point will be awarded to each person who qualifies for and fails to draw a limited license for deer, elk, pronghorn, or bear as a first choice in the regular drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. Preference points will be used in future drawings for the same species and will accumulate until the applicant obtains a first choice license. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void. In those hunt codes requiring 10 or more resident preference points to draw, up to 20 percent of available licenses for deer, elk, pronghorn and bear shall be issued through a random drawing. The number of preference points required to draw shall be determined by no more than a three-year average. A minimum of five individual preference points is required for an applicant to participate in the random drawing. Group applications shall not be eligible to participate in the random drawing.
 - bb. In addition to the \$3 application fee, an unsuccessful applicant (except youth as defined by 33-4-117 C.R.S., lifetime license holders, and Colorado resident military personnel on active duty outside Colorado), or one who applies using a first choice hunt code established for the purpose of accumulating a preference point only, for deer, elk, pronghorn or bear will be assessed a \$40 fee (\$30 for resident deer and pronghorn) to receive a preference point unless they have purchased one of the following: an annual license (fishing (including free senior annual), small game or resident combination small game/fishing license, furbearer) for the year previous to which they are seeking a preference point; any big game license for the previous year or a current draw license for the species for which they are seeking a preference point. The fee, per species, shall entitle the hunter to preference points for any unsuccessful deer, elk, pronghorn or bear application in that year.
 - cc. Rocky Mountain Bighorn Sheep, Mountain Goat, and Moose: One preference point will be awarded to each person who qualifies for and fails to draw a first choice license, until three preference points

have been accumulated. Each time an applicant with three (3) points qualifies for and fails to draw a first choice license for bighorn sheep, mountain goat or moose the applicant will be awarded one (1) additional chance in future drawings for that species. Applicants who have "X" number of chances will have "X" times the probability of drawing a license compared to those with one (1) chance (i.e. those who are using their three (3) points for the first time). For example, applicants with two (2) chances will have double the probability of drawing compared to applicants for the same hunt code having only one (1) chance. When an applicant obtains a first choice license, all accumulated preference points for that species become void. If an applicant both fails to apply for a species and has not purchased a license for that same species during any given 10-year period, all accumulated preference points for that species become void. If an applicant accepts a first choice license that has been returned and reissued, all accumulated preference points for that species become void.

dd. Applications receiving preference points will be given priority over all applications with fewer points. Group applications will receive preference at the level of the group member with the fewest accumulated preference points, and, where applicable, the fewest accumulated chances, except that group applications will not be successful, regardless of preference point level or number of chances, when there are fewer licenses remaining in the hunt code quota than the number of applicants in the group.

ee. In lieu of applying through the regular limited license draw, any active duty member of the United States Armed Forces who is stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall, upon their return to the United States, be eligible to apply for preference points for any limited license draw that occurred during their absence. Applications for preference points shall be made on forms provided by the Division and filed within six months upon the member's return to the United States.

5. Drawing Processes

- a. Applications using landowner preference and youth preference shall be drawn, in that order, prior to drawing general public applications for the same species.
- b. Except as otherwise provided, applicants who applied properly for deer, elk, or pronghorn in the regular drawing and are unsuccessful will be given an option to: Apply for a leftover drawing. Request a refund. Donate that refund to the Division's nongame or Operation Game Thief fund. No such donation may be split between the two funds. Request an unlimited antlered elk license.
- c. Unsuccessful applicants for bear, bighorn sheep, mountain goat, or moose will receive a refund check.

- d. Unsuccessful applicants will be notified of their accumulated preference points and chances on their refund check stub, on their leftover drawing letter, or on their carcass tag, whichever is applicable.
 - e. Nonresident hunter drawing limitations (first choice applications only)
 - 1. Nonresidents hunters shall receive no more than 10% of available moose, bighorn sheep and mountain goat licenses for all hunt codes. In the event there are an insufficient number of nonresident applications for the allocated number of moose, bighorn sheep or mountain goat licenses in any hunt code, the excess nonresident licenses will be issued to residents through the regular drawing process.
 - 2. Unless there is an insufficient number of resident applications, nonresident hunters shall receive no more than 35% of available deer and elk licenses for hunt codes requiring fewer than six preference points for resident hunters to draw in the regular drawing, and no more than 20% of available deer and elk licenses for hunt codes requiring six or more preference points for resident hunters to draw in the regular drawing. These drawing limitations do not apply to the issuance of Private Land Only and Ranching For Wildlife licenses.
6. Leftover Licenses, Drawing Provisions and Restrictions
- a. Elk, deer, pronghorn and bear licenses which are not issued through the regular drawing will be issued as "leftover" licenses, (through one "leftover" drawing process if the number of "leftover" licenses is sufficient to justify the administrative cost).
 - b. Only persons who apply for a limited license and who are unsuccessful are eligible for the leftover license drawing. Applicants for the leftover drawing may only apply for the same species that they applied for in the initial drawing.
 - c. Any eligible hunter, ages 12 – 17 shall receive preference for leftover deer and elk licenses.
 - d. Any active duty member of the United States Armed Forces stationed at any military facility in Colorado and actively deployed outside the United States, or any active duty member of the United States Armed Forces who is a Colorado resident and is deployed outside the United States, shall be allowed a preference for the purchase of leftover licenses prior to their sale to the general public.
 - e. Group applications are not accepted for leftover licenses.
 - f. Applicants must respond on the forms provided to the individuals by the Division following the regular drawing.
 - g. Applications must be postmarked no later than the first Tuesday in July, annually.
 - h. Applications not postmarked by the first Tuesday in July, annually, will receive a refund.
 - i. Leftover Wildlife Ranching licenses will not be available through the standard over-the-counter leftover process. For information regarding the availability of

these licenses on a first-come, first-served basis, please refer to the big game drawing brochure or call the Division at (303) 297-1192.

#207 - SEASON PARTICIPATION

- A. A person may hunt in only one hunting season per license year for each big game species regardless of the method of hunting used, except in accordance with regulation #205, when the purchase of more than one license per species is authorized or when the animal taken is not counted against an annual bag limit:
- B. Youths ages 12-17 may participate in any open or continuing late or Private Land Only (PLO), or any other regularly scheduled antlerless elk hunt starting the day after the last day of the last regular rifle season through January 31, provided they possess an unfilled limited antlerless elk license originally valid in that same DAU from a season which has already been completed, comply with applicable regulations for the specific late or PLO hunt in which they participate, and are accompanied by a mentor. A mentor must be at least 18 years of age and comply with hunter education requirements. The mentor may not hunt except in units for which they possess a late or Private Land Only elk license valid for the same dates. Youth hunters may hunt in a regularly scheduled antlerless elk hunt after the last day of the last regular rifle season regardless of when the late or extended season started. Youths with unfilled either-sex elk licenses who wish to hunt in the late antlerless youth elk hunt may do so provided that they must bring their license to the Division and have it converted to an antlerless elk license prior to hunting. Youths who possess an unfilled extended season or late season antlerless elk license may hunt in a late antlerless elk season in another unit in that same DAU between the day after the 4th Combined Rifle Season and January 31, provided the season on the original license has ended.
- C. Youths ages 12-17 may participate in any December pronghorn season in the following GMUs: 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 145, 146 or 147, provided they possess an unfilled pronghorn doe license from a season which has already been completed for any other unit and comply with applicable regulations for the specific hunt in which they participate. Provided further that a hunter may only hunt in one bear season when an extended deer or elk season overlaps more than one bear season. If the deer or elk license is a Private Land Only license, use of the bear license is restricted to private land as well. The restrictions of this subsection shall not apply to hunt codes BE083P1R and BE084P5R.

#210 - RANCHING FOR WILDLIFE – DEER, ELK, PRONGHORN, BLACK BEAR, MOOSE, AND BIGHORN SHEEP

A. Implementation Authority

1. The Director is authorized to implement the Ranching for Wildlife program, including the authority to determine ranch enrollment status, enter into cooperative agreements with ranches, establish and modify public and private season dates on each ranch, and establish and modify license allocations to each ranch including the subsequent distribution of licenses to the public and private share annually, and may establish additional Ranching for Wildlife operating guidelines subject to the following provisions.

B. Ranch Entry and Maintenance

1. Ranches must have a minimum of 10,000 acres of privately owned land in one contiguous unit. Ranches that meet this 10,000-acre minimum requirement may include privately owned non-contiguous parcels in the program if the Director determines that their inclusion will contribute to meeting the performance standards for the ranch.
2. Ranches must develop a Ranching For Wildlife Management Plan that includes goals, objectives, and strategies for achieving such goals and objectives for wildlife habitat management, species management, and public hunting management. The Management Plan shall identify the Tier category in which the ranch seeks to be placed and what specific actions the ranch will take to achieve the appropriate Tier placement criteria. The Management Plan must be approved by the Division prior to execution of a Cooperative Agreement for Ranching For Wildlife.
3. Ranches may not charge public hunters an access fee for hunting.
4. Except as agreed to in writing by the Division when necessary to meet the ranch performance standards or as mutually agreed and contained in the Management Plan, ranches must provide for equality of access in terms of geographical area and mode of transportation for both public and private hunters. No closure or restriction of land or roads shall apply to public hunters that do not also apply to private hunters.
5. Public hunts must be established at a time when the species to be hunted are present and available for harvest. No public seasons shall be established during times when normal winter conditions would prevent access to most of the ranch, nor when normal migration patterns of the species to be hunted result in the species having migrated off the ranch.
6. Ranches that establish coinciding or overlapping public and private hunts may not exclude public hunters from any portion of the ranch due to the presence of private hunters.
7. The Ranch and the Division will mutually agree to ranch rules regarding access to and hunting on the ranch by public hunters. The ranch rules will be provided to hunters prior to seasons on the ranch in accordance with other provisions contained in this regulation.
8. Enrolled ranches shall not be eligible for game damage payments or materials for those species hunted in the program when damage occurs within the boundaries of the enrolled portions of the ranch.

9. The Division may, at its sole discretion, require ranches with public bighorn sheep hunting seasons to provide scouting access to those hunters and their companions prior to such seasons. Provisions for this scouting access shall be contained in the Management Plan.
- C. Cooperative Agreements, Enrollment, Denial of Enrollment, Termination of Enrollment
1. The Division is authorized to enter into Cooperative Agreements with ranches.
 2. Ranches may appeal enrollment decisions to the Wildlife Commission.
 3. Cooperative Agreements shall incorporate approved Ranching For Wildlife Management Plans as part of the Cooperative Agreement.
 4. The Division shall periodically evaluate ranches for enrollment, contract performance, and Tier placement, and shall establish minimum performance standards for ranches enrolled in the program, including wildlife habitat management and improvement, public recreation opportunity and experience, and any factors intended to contribute to meeting Data Analysis Unit (DAU) management objectives. Such performance standards shall be incorporated into the Cooperative Agreement with the ranch.
- D. Season Structures, Manner of Take, License Restrictions
1. Public and private seasons opening and closing date parameters
 - a. Deer, elk, pronghorn, moose, and bighorn sheep seasons may not begin before the first day of the statewide archery season for that species, nor extend beyond January 31.
 - b. Black bear season may not begin before September 2, nor extend beyond October 31.
 2. Private season length
 - a. Deer, elk, or pronghorn private seasons are restricted to a maximum of ninety (90) days.
 - b. Moose or bighorn sheep private seasons are restricted to a maximum of 30 days.
 3. Public season length
 - a. Deer and elk public season length
 1. Antlered or either sex public hunting seasons shall be a minimum of ten (10) days in length for every licensed public hunter, either as a minimum of ten (10) consecutive days in length or divided into two (2) or more five (5) day periods.
 2. Ranches must offer a total of at least ten (10) days of antlerless public hunting. The season may run a minimum of ten (10) consecutive days; or may be split into two (2) or more five (5) day periods in which a hunter's license is valid in each period; or may be split into two (2) or more five (5) day seasons in which a hunter's license is valid in one but not any other five (5) day season. Ranches electing to split seasons and limit hunter participation to a single five (5) day season must assure that

total public hunter harvest and licenses available are as much or more than would be achieved in the other two antlerless season alternatives.

3. All public seasons or periods will include one full weekend, but seasons need not open on weekend days.
 - b. Pronghorn public season length
 1. Buck or doe hunting seasons shall be a minimum of five (5) days in length. All public seasons shall include one full weekend, but seasons need not open on weekend days.
 - c. Black Bear public season length
 1. Shall be a minimum of fifteen (15) days in length.
 - d. Moose public season length
 1. Antlered or antlerless public hunting seasons shall be a minimum of ten (10) days in length. Antlered seasons shall include a minimum of five (5) consecutive days without overlapping any antlerless moose hunting season on the ranch.
 - e. Bighorn sheep public season length
 1. Public hunting seasons for rams shall be a minimum of thirty (30) days in length and shall include a minimum of fifteen (15) consecutive days of hunting without overlapping any ewe hunting season on the ranch.
 2. Public hunting seasons for ewes shall be a minimum of fifteen (15) days in length.
 - f. Additional primitive weapon seasons may be established provided that the season is structured so there is a minimum of 5 days of opportunity in which the method of take is restricted to archery or muzzleloading rifles.
 1. These seasons shall be in addition to the previously mentioned minimum season lengths. Hunters drawing licenses for these seasons shall be allowed to hunt in the season with the restricted method of take and also in at least 10 additional days of opportunity with rifle method of take for moose, or antlered or either sex deer, elk, or black bear licenses; at least 5 additional days of opportunity with rifle method of take for pronghorn, or antlerless deer or elk licenses; at least 30 additional days of opportunity with rifle method of take for ram bighorn sheep licenses; and at least 15 additional days of opportunity with rifle method of take for ewe bighorn sheep. Additional primitive weapon seasons will include one full weekend.
4. Manner of Take
- a. Rifle hunting shall be the designated manner of take. Provided further that additional public hunting seasons beyond the previously mentioned minimum levels may be established with more restricted manner of take. Any such seasons and licenses allocated to those seasons are additional public hunting

opportunity and shall not reduce licenses that would otherwise be allocated for the rifle seasons.

5. License Restrictions

a. Ranching for Wildlife licenses are the only licenses valid for hunting of species under contract on the ranch, except that auction and raffle licenses may be used when there is not a public season for the same species in progress on the ranch and antlerless deer or elk licenses may be used on a ranch when authorized in writing by the Division, subject to the following provisions:

1. There is an established season in which such licenses would be valid in the Game Management Unit (GMU) in which the ranch is located.
2. Such licenses shall not be used concurrently with any Ranching For Wildlife season, or at any other time when the Division determines that it would result in elk, deer, pronghorn, bighorn sheep, moose, or black bear not being available to Ranching For Wildlife public hunters.
3. The Division determines that any resulting harvest achieved will contribute to achieving DAU management objectives.

E. License Allocation

1. A maximum of 1,000 licenses of each species and sex for deer, elk, and pronghorn, a maximum of 30 black bear licenses, a maximum of 20 licenses of each sex for bighorn sheep, and a maximum of 50 licenses of each sex for moose may be allocated to each ranch annually, and subsequently distributed to the public and private share according to the distribution table established in this regulation.
2. Division staff recommendations regarding license allocations for each ranch shall be forwarded to and approved by the Director based upon Data Analysis Unit harvest objectives, relative ranch land base and occupied habitat for each species on the ranch to that of the Data Analysis Unit, hunter crowding, enhancement of hunter harvest, and relative densities of the species on the ranch.
3. Substitution of licenses of one species or sex for licenses of another species or sex shall not be permitted.
4. For purposes of determining distribution of licenses allocated to each ranch, either sex licenses will be treated as antlered licenses for deer and elk and buck licenses for pronghorn.
5. Landowner preference shall not be used for any public or private Ranching For Wildlife license. In addition, Ranching for Wildlife property may not be used to qualify for or receive landowner preference pursuant to §33-4-103, C.R.S.
6. The public share of the licenses in the following distribution tables represents the minimum for each species. Fractions of licenses shall be rounded up for public distribution licenses.

F. Youth Licenses

1. The Division and the ranch may formulate and implement youth hunting opportunities on any ranch through Division approved youth hunting programs. The Division must approve the youth hunting program on the ranch prior to any season or license allocation for such youth hunts.
2. A maximum of 15% of the total number for deer, elk, pronghorn, or black bear licenses allocated for a ranch may be allocated as youth hunting licenses on each ranch, over and above the total number of licenses allocated for a ranch.

3. Youth hunting seasons may occur at any time within the broad parameters for seasons within the Ranching For Wildlife program.
4. Youth licenses shall be distributed to individual youth hunters by mechanisms of the approved youth hunting program on the ranch. Youth licenses shall not count as either private or public licenses for purposes of calculating the relative share of other licenses allocated for the ranch.

G. License Distribution

1. Applications

- a. Applications for private hunter licenses stamped with the ranch name and season dates shall be available to the landowner for distribution.
 - b. Public hunter licenses shall be available through application and selection from the Division during the annual limited license drawing process, except as provided in this regulation.
 - c. Leftover Ranching For Wildlife Licenses: Ranching For Wildlife licenses which are not issued through the regular drawing will be issued as "leftover" licenses, only through the "leftover" drawing process, rather than through the over-the-counter leftover license process.
2. Trinchera Ranch - One hundred percent (100%) of the limited antlered public licenses and eighty percent (80%) of the limited antlerless public licenses shall be available through the Division's annual limited license drawing process. Twenty percent (20%) of the limited public antlerless licenses will be allocated by public drawing at 1:00 p.m. on the second Wednesday in August, annually, at the San Luis Community Center, San Luis, CO. Applications will be accepted between 9:00 am and noon, on the second Wednesday in August, annually.

H. Special Restrictions

1. Unless otherwise provided in these Ranching for Wildlife regulations all hunters must comply with other applicable regulations, including, but not limited to, manner of take (except that private hunters may use any legal weapon during private seasons), hunting hours, application requirements and deadlines, bag limits, season participation, mandatory checks, OHV restrictions, and other generally applicable regulations for big game hunting.
2. A copy of the mutually agreed upon ranch rules will be provided to all public hunters prior to their hunting season. All public hunters will be required to sign a statement acknowledging that they have read, understand, and agree to comply with all ranch rules, before the hunter is allowed access to the ranch.
 - a. Compliance with ranch rules is a specific condition of the Ranching For Wildlife public licenses and subsequent access to the ranch. In addition to criminal penalties, non-compliance with ranch rules constitutes grounds for suspension and revocation of the license and/or being prohibited from further participation in hunting on the ranch, and/or in the Ranching For Wildlife program as a public hunter.
 - b. Final determination on any legal action taken towards hunters found in non-compliance with ranch rules shall be made solely by officers of the Division. This

includes any citation that may be issued for non-compliance with the provisions of a license, or directing a hunter to leave a ranch. Ranch personnel may not direct a hunter to leave a ranch without specific authorization of a Division officer.

#257.5 - SPECIAL RESTRICTIONS

A. Unit 512 - Air Force Academy

Hunters must apply in person, no later than May 31 annually to participate in a random drawing to be placed on a priority list of hunters. Applications along with a non-refundable application fee not to exceed \$10.00 will be accepted at the Academy's Outdoor Recreation Center, Building 5136 - Community Center Drive, AFA, Colorado Springs.

The first 15 hunters drawn will be placed on the list and will be notified of their placement by June 15 annually. When elk are available to be hunted, up to 4 hunters will be called. After obtaining a license, paying a fee not to exceed \$30.00 to the Academy and receiving a safety briefing, hunters will be escorted on the hunt. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will continue when possible until (30) antlerless elk have been taken.

B. Units 82, 682 and 791 – San Luis Valley Damage Elk Hunts

1. The purpose of these hunts is to provide flexibility in managing damage by elk and maintain landowners' rights to determine who may enter their property. Most license vouchers may be issued to friends and family of the landowner. Opportunities for non-associated public hunters may exist and will be selected from a list of interested hunters.
2. License vouchers may be transferred one time only, and shall only be transferred by the landowner to the hunter that will use the voucher to purchase the license. Third-party brokering of landowner vouchers is not permitted. Violation of this subsection shall invalidate the applicable landowner voucher and any license purchased with it.
3. Public hunters must apply no later than July 15 annually, to participate in a random drawing to be placed on a priority list of hunters. Applications will be accepted at the Monte Vista Service Center at 0722 S Rd. 1 E, Monte Vista.
4. Hunters drawn will be placed on the list and the top 10 hunters on the list will be notified of their placement no later than August 15 annually. When elk are available to be hunted, up to 4 hunters will be called. Hunters may decline one opportunity to hunt and hold their place on the list. Hunts will be conducted on an as-needed basis to alleviate game damage.

Special Seasons

ARTICLE XII - SPECIAL HUNTING SEASONS/LICENSES FOR BIG GAME

#271 - BIG GAME ANIMALS CAUSING DAMAGE AND BIG GAME POPULATIONS OVER OBJECTIVE

A. Special Population Management Seasons for Big Game Ungulates

1. The Director shall have the authority to establish special management seasons for antlerless or female big game ungulates in specific game management units or portions thereof which significantly exceed the population objective, when the anticipated harvest from the current year's archery, muzzle-loading and regular rifle seasons did not occur. Provided further that the Director shall have the authority to establish these hunts between November 16 and February 28, to specify a time period for each of these hunts but not to exceed ten days each, and shall authorize hunters to use designated unfilled big game licenses for these hunts and units.
2. The Director shall have the authority to allocate antlerless deer and/or elk licenses on existing Ranching for Wildlife properties located in game management units where deer or elk populations significantly exceed the population objective. These licenses shall be in addition to the number of licenses allocated to each ranch pursuant to the Cooperative Agreement established in #210(A)(2). The additional allocation and use of the antlerless licenses provided for in this section shall be in the same proportion, by species (not sex), as established in the ranch's respective Cooperative Agreement and subject to the following provisions:
 - a. No ranch shall be required to accept any additional antlerless licenses.
 - b. The public allocation of such additional antlerless licenses shall only be offered to hunters who have successfully drawn antlered, either-sex or antlerless licenses for the same species on the ranch. Public hunters who choose to purchase one additional antlerless license from the Division shall be required to use the additional license during the season established for the license for which they drew. No more than one additional antlerless license will be available to any public hunter.

B. Special Game Damage Seasons for Big Game Ungulates

1. The Director shall have the authority to establish special hunting seasons for big game ungulates, between August 15 and February 28, when necessary to control damage to property. Seasons shall be for the taking of antlerless or female animals unless the Director has determined that the taking of antlered animals is necessary in order to alleviate the damage.
 - a. Game damage hunts are limited to a maximum of 50 licenses per species per Game Management Unit or 30 percent of the antlerless, either-sex, or doe licenses issued for the DAU (whichever is greater), unless a distribution management plan establishing a different percentage has been approved by the Wildlife Commission or additional permits are approved by the director or his designee.

 1. The AWM finds that such a season would be consistent with the distribution management plan approved by the Wildlife Commission.

 - aa. The species and number of animals involved.
 - bb. The number of animals that would have to be removed to reduce or eliminate damage.
 - cc. The location of the damage problem.
 - dd. The type and extent of damage.

A map or a written description of the designated area open to hunting (which would include, but would not be limited to landowner(s) name, game management unit, township, range and section(s) and/or identification of landmarks such as roads, rivers, or fence lines which coincide with boundaries), will be provided to each licensed hunter by the Division.

 - a. AWMs are authorized to issue these bear and mountain lion licenses to address specific animals determined after an investigation to be causing damage to private property.
 1. Bear or mountain lion licenses above the established limited license numbers or quota for the area may be issued only where necessary to take specific animals determined after an investigation to be causing damage to private property.

Hunting shall occur only during the designated time periods indicated on the hunter's license and only in those areas specifically designated on the map provided by the Division. Special Unit 20 cow elk hunts shall be established based on the following criteria: (a) the hunt does not fall within the criteria established for game damage hunts; (b) snow ground cover and/or other conditions favor are expected to favor successful hunting; (c) elk must be available to hunters in portions of Unit 20 which are open to hunter access; and (d) no special season will be created under this regulation which would extend beyond February 15th.
